Income allocated by precinct (\$100.00) and fourth quarter of the Town Appropriation received after the first of 1956, so will be shown in 1956 report. Town final quarter—\$250.00.

The Department was called to fourteen (14) building fires, for a total of 148 man-hours. In addition there were numerous forest fires not included in the two figures, with a substantial additional total.

The "Red Network" phones mentioned in the last report have been installed. As a matter of record, both phones are numbered Bel. 2503. No outgoing calls may be made on these phones, and only incoming fire calls will be routed to them by the operators. Any one may dial this number to report a fire, but for no other purpose. These are installed at the Corner Store and Elmer Davis' home. At each location a fire-siren button is within arm's reach.

The number listed above is in the phone book under the name "Gilmanton Corner Fire Department Peaked Hill Fire Department." Be sure you call the right one.

The outside fire box has been installed on the utility pole outside the Corner Store. A red light is burning there constantly. A fire siren button is inside. This was a contribution of the Corner Precinct.

The firemen themselves have nearly completed the interior of the firehouse, including the finishings. There have been periodic work parties for the purpose, and the result is worth seeing.

The Fire Sirens, the Women's Auxiliary, have been as active and as helpful as they always are. They have financed half the red network, purchased some high quality windshield wipers for the trucks, and have held during the summer three suppers, to build a reserve fund for the department's use. They also held, with the firemen jointly, a Christmas party for the same purpose.

In addition to this they have paid approximately a hundred dollars for a fine hardwood floor, which was installed by the firemen themselves during the year; this to finish the meeting room on the second floor. They have also purchased 50 chairs for use in the meeting room, for another hundred dollars, and the individual members have donated a substantial supply of chinaware and accessories.

The department, like others nearby, is a member of "Mutual Aid," which organization, in case anybody doesn't know, is the association of fire departments in this region, for the purpose of mutual aid in case of necessity. There is, in other words, a working agreement of all the fire departments hereabouts to help each other when needed.

The list of "Honorary Members" of the Fire Sirens who make an annual contribution of \$5.00 each, now stands at 13, as against seven last year. Both summer and winter residents are included.

As a matter of more than incidental interest, the recent low insurance rate for homes within a mile of the Corner, has been extended to include the year 1957. The rate was supposed to last only through 1956, unless some radical improvements and developments had taken place within the department at the end of that time. Due to the appreciation by the members of the State Board of Fire Underwriters, of the untiring efforts of both men and women of the department here, and their constant addition to their equipment, the Board has seen fit to express its gratification in this fashion.

Report of District Fire Chief

Be A Good Citizen—Cooperate

Smoking and debris burning caused more than 50 percent of the forest fires occurring in the state of New Hampshire in 1955—235 fires out of a total of 463 originated from these two sources. Lighted smoking material and matches thrown from moving vehicles along the highway or dropped by fishermen, hunters, hikers, berry and flower pickers accounted for 26%; debris burning in the wrong place or at the wrong time by those who failed to heed all pleas for safety or refused to recognize the logical, sensible rules and regulations set up under legislative authority governing the use of fire in or near woodlands accounted for more than 24 percent. This is inexcusable.

Everything possible is being done officially to remedy the situation. Since 1909 there has been a statute on our law books which requires everyone to secure written permission from the local forest fire warden before starting a fire in or near woodlands or where fire can be communicated to woodlands, unless the ground is covered with snow. A never ending program of educational work is being carried on by your local warden and state officials to inform the general public both of the value and necessity of securing the required permit for such burning. Much progress has been made, but there are still many who fail or refuse to cooperate. The value of our permit system was definitely proven in this district during the 1955 calendar year. District local wardens issued 52 permits for debris burning fires. That's a lot of permits. The records show no permit fires got out of control. This proves several things—while wardens were liberal in the issuance of fire permits, accommodating every applicant so far as possible, they were cautious, following closely directives outlining overall policy governing the issuance of burning permits and thoroughly instructing permit users. The latter too, fully appreciating their responsibility in using their permits, governed themselves accordingly. Results? Much burning done legally and safe.

But what of the smokers? Despite all efforts of those officially charged with the responsibility of preventing fires, too many were careless or thoughtless in disposing of smoking materials and matches. Why? It is difficult to say. Autos are now equipped with ash trays. Why not use them. The crushing out of a cigar and the complete extinguishment of matches before being discarded is an easy chore.

If the costly habits of the careless and indifferent smoker and debris burner could be overcome, more than half of our annual forest fires would be eliminated. WILL YOU do YOUR share to bring this about?

Remember

1. Get a written permit from your local warden before starting your debris burning or camp fire. The law requires it.
2. Make certain they are dead out before leaving them.
3. Become a safe smoker by extinguishing smoking material and matches before discarding them.

Civil Defense Annual Report

GILMANTON, N. H.

1 9 5 5

Four mobile radio units were ordered in March of 1955 through the State Civil Defense Administration. These were to be purchased, one half each, by the Town's appropriation for the purpose, and the State's Matching Funds.

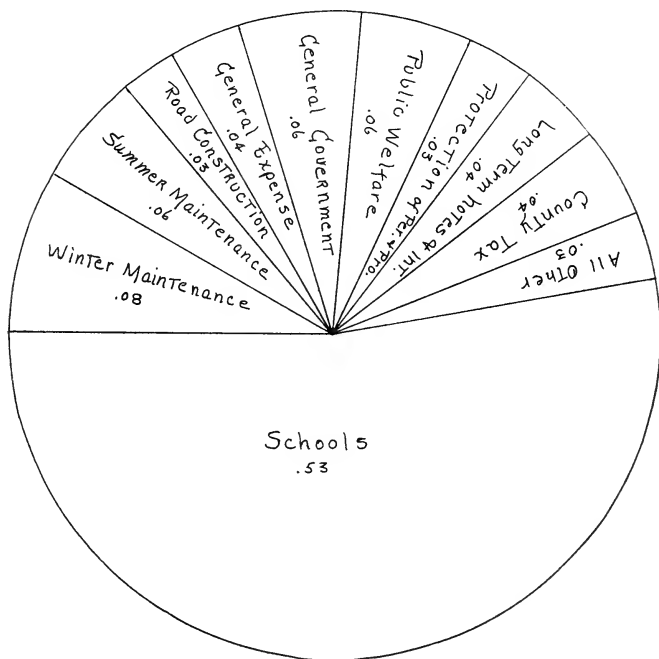

The orders and approvals had to go through quite a complicated process for the final approval. Within the past month the final okay has come through and we have been notified that we need to take no further action—just wait! We shall be notified within a few weeks that the equipment is ready for installation.

The money for these units does not show up as having been expended, for they are not to be paid for until they are installed. Therefore, the amount spent for Civil Defense in 1955 looks very tiny. Actually, it will be in the neighborhood of \$700.00. For this year, as part of the gradual plan of acquiring necessary and valuable equipment, we are asking for \$500.00 to buy a "resuscitator." This piece of equipment is to be handled by men who will be trained in its use here, and is for the purpose of resuscitating nearly drowned persons, reviving smoke inhalation cases in either department, or in any emergency in peace or war.

General:

(1) Teachers leaving Gilmanton for other teaching positions:

Mrs. Beth S. Jessup to Rochester, N. H.

Mrs. Grace E. Guptil to Franklin, N. H.

(2) New Teachers:

Mrs. Marion Kenyon to Grades 3, 4 and 5 at Corner has twenty-seven years of Massachusetts experience.

Mr. George Metalious to Principal and Grades 6, 7 and 8 at Corner, with two years of teaching experience.

(3) Helping Teacher:

Miss Esma Ford of Laconia was elected Helping Teacher by the Supervisory Union. Her chief duties will be to help teachers of the entire Union on problems in Curriculum, Methods, Discipline, Morale, and Public Relations. She will have charge of the teaching program in all schools. She will work on special teaching aids for teachers, visual aid programs, and professional teachers meetings. The State of New Hampshire pays \$2500 annually towards the salary of the Helping Teacher.

(4) Additional Nurse:

Mrs. Marjorie Wheeler, former U. S. Navy Nurse and experienced in health work with the Veterans Administration, was employed by the Supervisory Union. She does the health work in the towns of Belmont, Gilford and Gilmanton. The increase in pupil population from 1,082 in 1944 to 1,643 in 1955 made it impossible for one nurse to do the work. Her office will be in the new elementary school at Belmont.

(5) Salary Schedule:

It is very difficult to secure teachers for Gilmanton, since teachers want one grade instead of multiple grades. Two Gilmanton teachers have two grades each and four teachers have three grades each. A new salary schedule would help secure and retain good teachers.

(6) New School and Borrowing Capacity:

There has been discussion of a new central school in Gilmanton. The school district is authorized under New Hampshire law to borrow up to 3 per cent of its base valuation. The base valuation is the assessed valuation added to the increase established by the Tax Commission. Gilmanton can borrow \$86,968.47 on 3 percent. The law allows a district to borrow to 4½ per cent of its base valuation by permission of the State Board of Investigation. Gilmanton could borrow \$130,452.71 for a new school.

(7) The School Board of Mrs. Olive Brett Besse, Chairman, Mr. William E. Dunn and Mr. William B. Wilkens have met regularly for board meetings to study and consider the school problems of the town, including school lunch, repairs, finances, transportation, improvement of the schools, and long-term planning to give the Gilmanton children the best educational program and facilities.

(8) The school district meeting has shown for the fourth year in a row that the people support the School Board and the schools, with a unanimous approval of the budget.

May I thank the School Board, the Principals and teachers, the Parent-Teachers Association, the lunch supervisors, the custodians, and the bus drivers for their support and cooperation.

Cordially yours,

GORDON FOX

Superintendent of Schools
